

# Fresh Approach Hawaii

## Join Fresh Approach Hawaii!

I support the removal of criminal and/or civil penalties for the cultivation, possession, sale or use of marijuana by adults in the State of Hawaii. Further, I support efforts to improve Hawaii's twelve year-old medical marijuana program, including safe access for program patients via a dispensary system. By signing below, I will get email

and other communications from Fresh Approach Hawaii ("FAH") and the Medical Cannabis Coalition of Hawaii ("MCCHI"). **All contact lists are private and never shared.** There is no cost to join Fresh Approach Hawaii, an independent hui of people, businesses and organizations dedicated to the reform of Hawaii's marijuana laws through activism at the Hawaii State Legislature.
